Updated: 17 Jun 2014

sign in view

The password can be hide or show

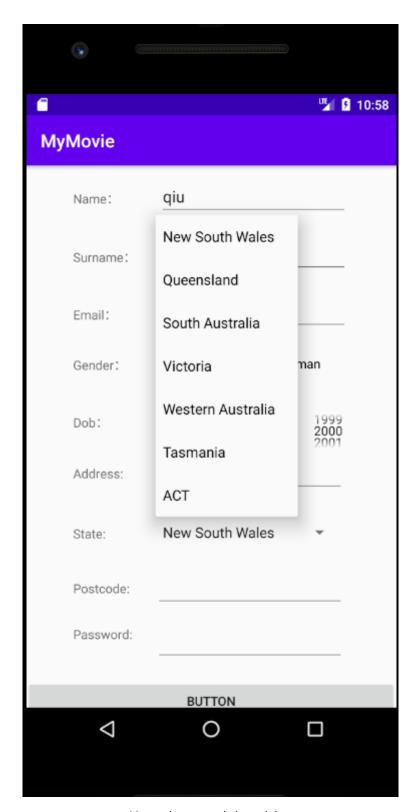

If password is empty

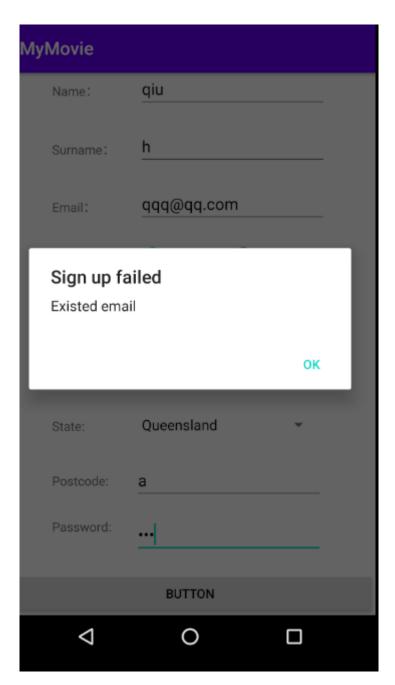

Task 2:

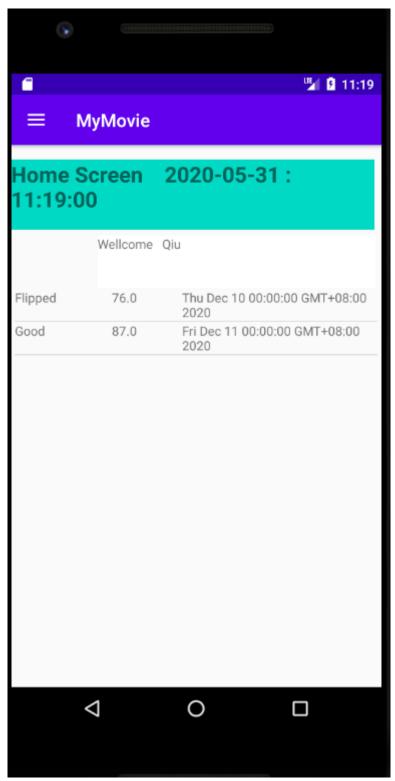

Sign up screen

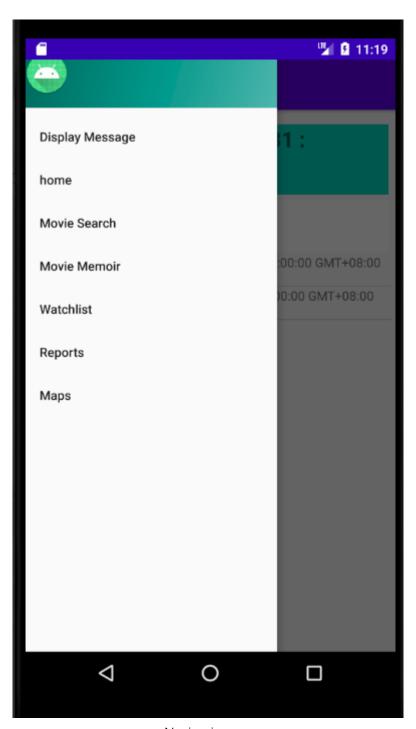

Use spinner and datepicker

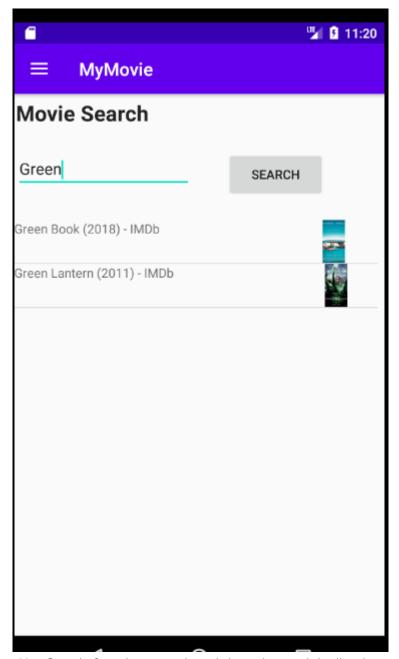

If email existed

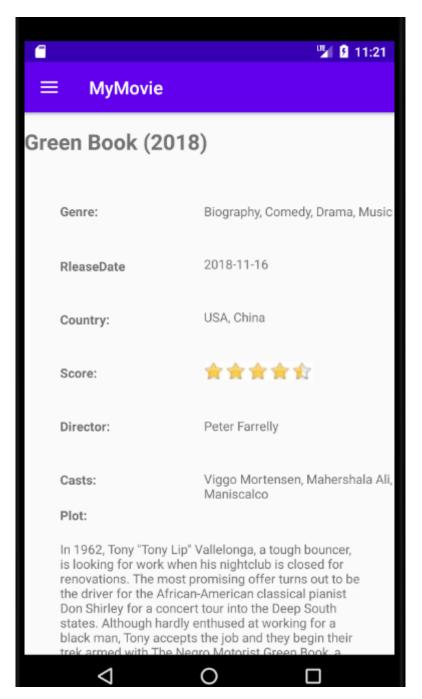

Home screen

Navigation var

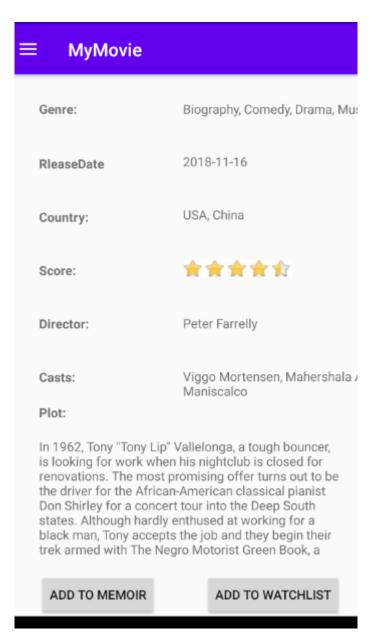

Use Google Search to search and show the result by list view

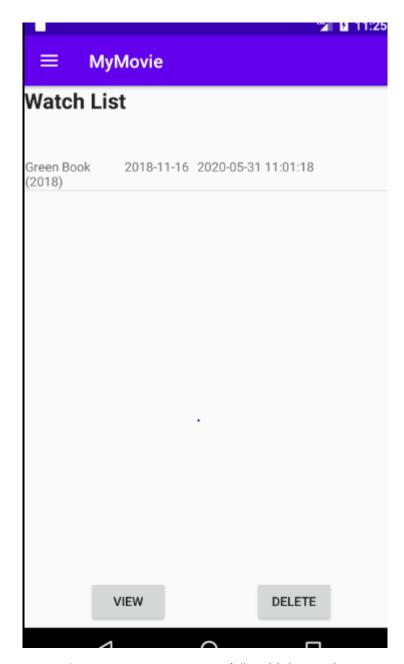

After select redict fragment to movieView to get the detail

These messages are got by Imdb APi

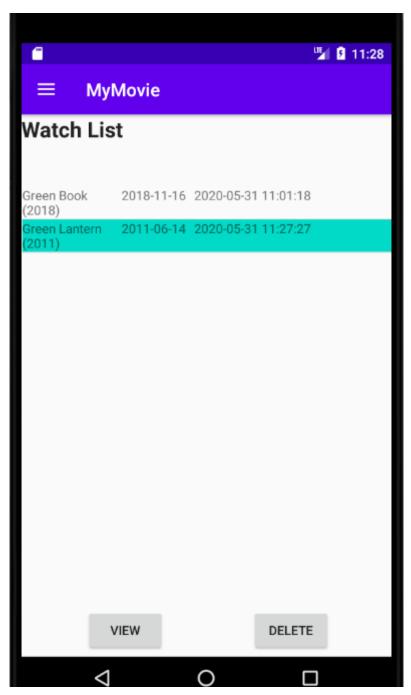

Two options: this time select add to watchlist

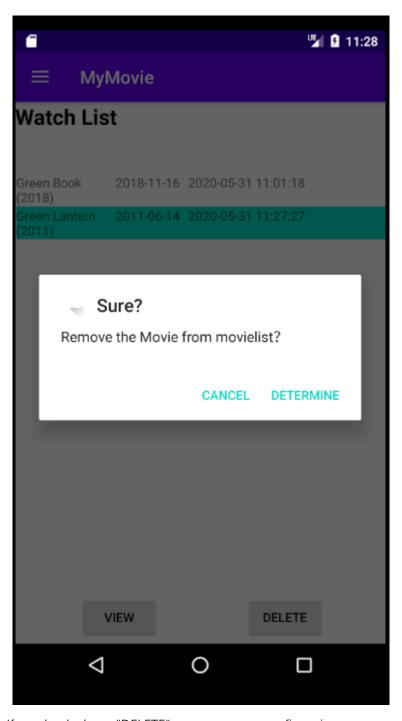

As you can see, we successfully add the movie

Now we have two movies in watch list

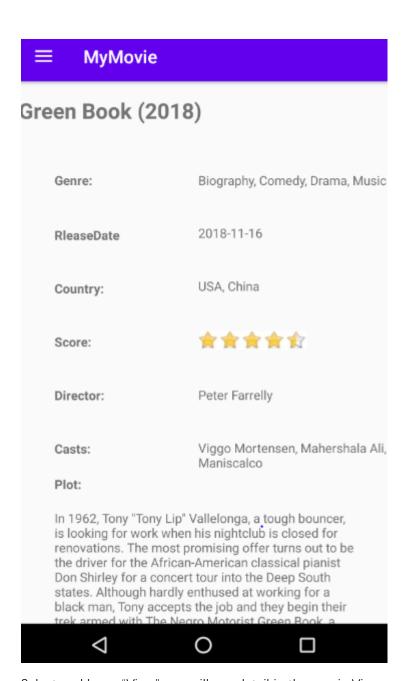

You can select one

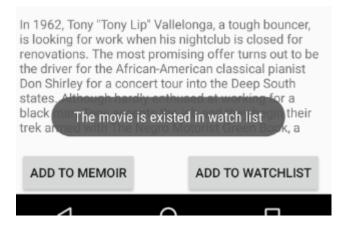

If you knob down "DELETE", you can get a confirmation message

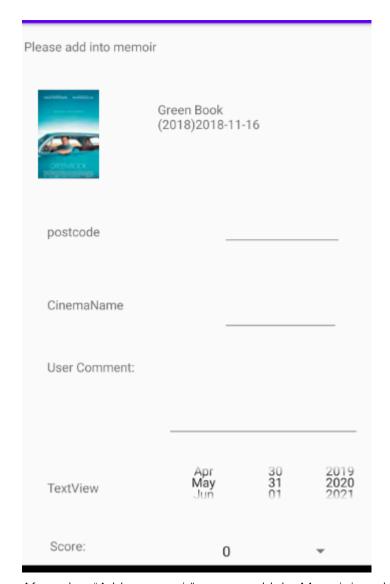

Now there is only one movie

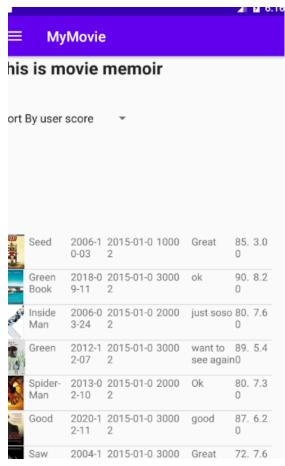

Select and knop "View" you will see detail in the movie View

Because of the Green book has been added into Watch List so you can't add again

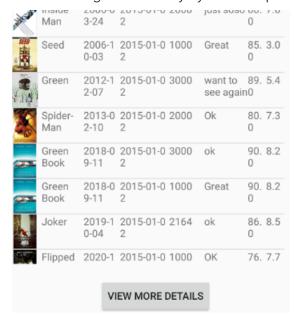

After select "Add to memoir" you can add the Memoir into database

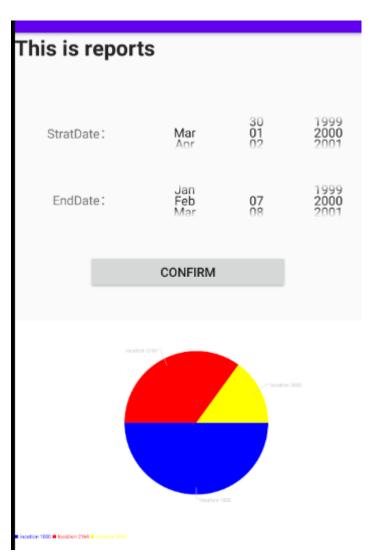

You can see the Memoir from database in the Movie Memoir Screen

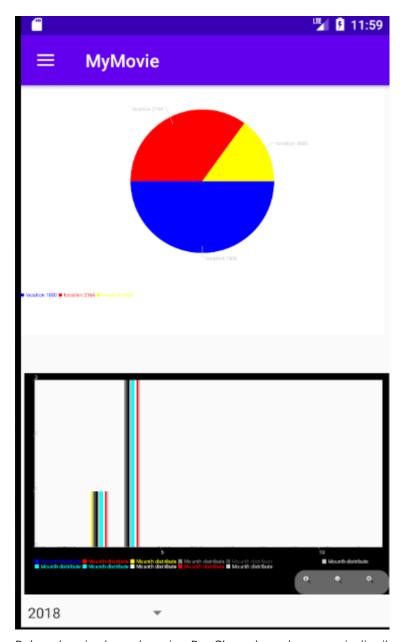

You can change the sort way by select in spinner.

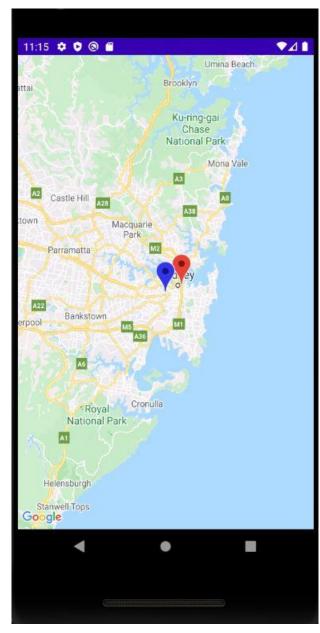

By select view more detail you can back to Movie View and see detail message from IMDBAPI

In the Report screen, you can see the pie figure show the location distribute between the date you select.

Below the pie chart, there is a Bar Chart show the memoir distribute in a year order by mounth

In the map fragment, you can see how close the cinema close to you.

Task 11

I try to solve the Task11 (5), but because of the time limited I do not complete it. I just write the code below in the WatchList Fragment

```
public void delete_longitem(){
    todelete=new ArrayList<WatchListMovie>();
    for(int i=0;i<unitListArray.size();i++){</pre>
```

```
Date one_date =new Date();
           ParsePosition pos = new ParsePosition(∅);
           one_date = formatter.parse(unitListArray.get(i).get("AddTime"),
pos);
           Calendar calendar1 = Calendar.getInstance();
           calendar1.add(Calendar.DATE, -7);
           Date todaypre7 = calendar1.getTime();
           if( one_date.before(todaypre7)){
              AlertDialog.Builder builder = new
AlertDialog.Builder(getContext());
              builder.setIcon(R.drawable.ic_launcher_foreground);
              builder.setTitle(unitListArray.get(i).get("MovieName")+"Long
time after add");
              builder.setMessage("Remove the Movie from movielist?");
              builder.setNegativeButton("Cancel", new
DialogInterface.OnClickListener()
              {
                  @Override
                  public void onClick(DialogInterface dialog, int which)
                  }
              });
              final int finalI = i;
              builder.setPositiveButton("Determine", new
DialogInterface.OnClickListener()
              {
                  @Override
                  public void onClick(DialogInterface dialog, int which)
                  {
                      todelete.add(nowdata.get(finalI));
                  }
              });
              builder.show();
           }
       if(!todelete.isEmpty()){
```
